DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-12, 13-16, 35-37 and 38-45, drawn to a display device and an electronic device, classified in class 353, subclass 31.
 - II. Claims 18-22, 23-34 and 47-49, drawn to a method of making a display device and a method of forming an image for display, classified in class 353, subclass 121.
 - III. Claims 50-51, drawn to storage media, classified in class 345, subclass 522.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention III (i.e. storage media) has separate utility such as graphic command processing, wherein a CPU or a host computer issues a command to a graphic processing system to perform an operation. See MPEP § 806.05(d).
